EDUCATION

Bachelor of Technology in Computer Science

Rajiv Gandhi University of Knowledge Technologies, Basar

Sep 2021 - May 2025

CGPA: 8.3

Pre-University Course

Rajiv Gandhi University of Knowledge Technologies, Basar

Jul 2019 - May 2021

CGPA: 9.1

EXPERIENCE

Software Engineer

Achala Health Services Pvt. Ltd.

June 2025 - Present

Hyderabad, Telangana

- Developed backend services using **NestJS**, **Node.js**, and **TypeScript** for an AI-assisted radiology platform serving medical workflows.
- Integrated ML inference pipelines to automate pathology summary generation, reducing manual reporting effort.
- Designed and implemented a **RAG-based clinical chatbot** for querying patient case sheets using natural language.
- Built **Carestack SDK** for healthcare API integrations, reducing duplicated integration logic across services.
- Implemented **CI/CD** pipelines with **GitHub Actions** and integrated cloud storage using **AWS S3** and **GCP Buckets**.

PROJECTS

Title Verification System for Press Registrar General of India (PRGI) | *FastAPI, React.js, MongoDB*

- Processed and validated **160,000+** publication titles using **FastAPI** and **MongoDB Atlas** for large-scale title verification.
- Developed a hybrid title matching pipeline combining **all-MiniLM** embeddings, **RapidFuzz**, and **Customized Indic Soundex** for semantic, fuzzy, and phonetic similarity search.
- Developed **cosine similarity**-based semantic retrieval to identify duplicate and closely related publication titles, achieving over **95% matching accuracy**.
- Integrated **Generative AI** to provide real-time title validation and guideline-based suggestions, improving title quality and reducing manual review effort.

RGUKT-B Club Council | *React.js, MongoDB, Node.js, Express.js, Tailwind CSS*

- Developed a Club Council management system with role-based dashboards (students, admins, super admins) using **React.js** and integrated **RESTful APIs** to centralize club data and updates.
- Implemented event registration, notifications, and a user-friendly interface to boost student engagement and participation.

TECHNICAL SKILLS

Backend: Node.js, NestJS, Express.js, FastAPI, RESTful APIs.

Languages: TypeScript, JavaScript, Python, SQL.

Databases: MongoDB, MySQL.

Frontend: React.js, HTML, CSS, Tailwind CSS.

Cloud & DevOps: AWS S3, Google Cloud Storage, GitHub Actions, CI/CD.

Tools: Git, Postman, VS Code, Cursor.

POSITION OF RESPONSIBILITY

Code Club

President

September 2023 – May 2024

RGUKT, Basar

- Led a 50-member team as Code Club President at RGUKT Basar, managing coding contests, technical events, and outreach programs, including expert talks.

ACHIEVEMENTS

- Led my team to the finals of **Smart India Hackathon 2023 and 2024**, surpassing **119 and 117** competing teams respectively, demonstrating strong leadership, collaborative problem-solving skills, and dedication.
- Selected for the finals of **Krithoathon 2024** organized by VNR VJIET, competing among **207** teams, demonstrating innovative thinking and technical proficiency.
